ATTN OF: LGX (E. Leithliter/73009)

SUBJECT: Support Agreement, 18 Jul 72, between AFFTC and 1130th ATTG

STAT TO: 1130th ATTG

1. Reference ATTG letter, 27 Apr 73, requesting that the current Host-Tenant Support Agreement between the Center and 1130th ATTG be revised to include organizational maintenance on tenant AGE. LG does not concur with this item being included in the Host-Tenant Support Agreement.
2. However, if the 1130th ATTG desires for Field Maintenance to assist them on occasion with some organizational maintenance on AGE, it could be arranged on a verbal agreement and accomplished on an AF Form 48 through our Maintenance Control (LGMC) organization. Therefore, the agreement should remain as presently written.
